the record, which stipulation provided, among other things, that, without further evidence or other intervening procedure, the Commission might proceed upon the facts as stipulated to make its report, stating its findings as to the facts and its conclusions based thereon and enter its order disposing of the proceeding, the Commission, on October 21, 1944, made its findings as to the facts and its conclusion that respondents had violated the provisions of the Federal Trade Commission Act and issued its order to cease and desist. Thereafter, on November 3, 1944, the respondents filed a motion to modify the findings as to the facts, conclusion and order to cease and desist, and the Commission, having considered said motion and the record and being of the opinion that a modified order to cease and desist should be issued, on December 21, 1944, issued its modified order to cease and desist.

On October 31, 1945, Richard P. Whiteley, Assistant Chief Counsel of the Commission, and James R. Quinn, counsel for the respondents, executed a stipulation whereby it was agreed that said order to cease and desist issued in this proceeding on December 21, 1944, without notice or hearing, might be modified in the respects set out in said stipulation. The Commission having duly considered said stipulation and the record herein, and being of the opinion that a modified order to cease and desist should be issued in said cause, issues this its modified order to cease and desist:

*It is ordered.* That the respondent Rucker's Imperial Breeding Farm, Inc., a corporation, and its officers, and respondent Ross R. Salmon, an individual, and their respective representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of baby chicks or other poultry in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing that respondents are R. O. P. poultry breeders or that they operate a poultry plant under the supervision of an official State agency supervising United States Record of Performance Work; or in any other manner misrepresenting the egg-production record of respondents' flocks or the extent of supervisions maintained over said flocks.

2. Representing that baby chicks hatched from eggs produced on farms other than those owned and controlled by the respondents were hatched from eggs produced at the hatcheries operated by the respondents.

3. Representing that any number of chicks will be delivered free, when such delivery is contingent upon the purchase of other chicks from the respondents.

4. Representing that a certain number of chicks will be supplied with the purchase of a stated number of chicks unless the additional chicks so specified are actually delivered or authority to substitute is obtained from the purchaser prior to delivery.

5. Representing that respondents are making a special offer to a limited number of prospective purchasers for advertising or display purposes or otherwise,

when such offer is made available to purchasers generally, without restriction as to number or location.

*It is further ordered.* That this order shall not be construed as prohibiting representations that respondents' baby chicks are R. O. P. sired when such chicks have actually been sired by males which have been officially banded with U. S. R. O. P. sealed and numbered official leg bands and duly registered as such; or representations that the flocks supplying the eggs from which the baby chicks are hatched are headed by R. O. P. males when the flocks concerning which such representations are made are segregated and headed by such officially banded R. O. P. males; *Provided, however,* That such representations are not made in such a manner as to represent, directly or by implication, that the baby chicks so offered for sale are U. S. R. O. P. chicks, or that the respondents are participants in the National Poultry Improvement Plan.

*It is further ordered.* That the complaint herein be, and the same hereby is, dismissed as to respondents Famous Poultry Farms, Inc., a corporation, and Hillview Poultry Farms, Inc., a corporation.

*It is further ordered.* That the respondents shall, within sixty (60) days after service upon them of this order file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

PART 1305—ADMINISTRATION

[Gen. RO 18, Amdt. 2]

DISTRIBUTION OF BASES TO CERTAIN FORMER MEMBERS OF THE ARMED FORCES

A rationale for this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register. General Ration Order 18 is amended in the following respects:

<sup>1</sup> 10 F.R. 11512, 11808, 12526, 12960, 12986, 13368, 13402, 13403, 14023, 14257.

1. Section 2 is amended by substituting the words "District Office" for the word "Board" wherever the word "Board" appears in this section.

2. Section 3 (a) (5) is amended by substituting the phrase, "Third Revised Ration Order 3" for the phrase, "Second Revised Ration Order 3," deleting the phrase, "Revised Ration Order 13 or Revised Ration Order 16," and substituting the phrase "Revised General Ration Order 5" for the phrase, "General Ration Order 5."

3. Section 3 (a) (9) is amended to read as follows:

(9) The amount of the base for sugar he wishes for the establishment covered by the application, stated separately for each group of products or type of refreshment service covered by the application;

4. Section 3 (a) (10) (iii) is amended to read as follows:

(iii) That he does not already have a base;

5. Section 3 (a) (11) (ii) is amended to read as follows:

(ii) That he does not already have a base other than a base for meal services for an establishment at the same location as the one covered by the application;

6. Section 3 (b) is amended to read as follows:

(b) The applicant must at the time of his application, if the application is made in person, show his discharge papers or certificate of satisfactory completion of active duty, or a photostatic copy thereof, to the District Office. If the application is made by mail a photostatic copy of the applicant's discharge papers or certificate of satisfactory completion of active duty must accompany the application when it is mailed to the District Office;

7. Section 4 (a) is revoked;

8. Section 4 (b) is redesignated section 4 (a) and subparagraph (1) thereof is amended to read as follows:

(1) If the application is for an industrial user establishment using sugar for one of the groups of products or uses listed in Schedule I and the District Office finds that he will engage in the business for which he applies, that the statements made in the application are true, and that the applicant satisfies the requirements of section 3, it shall register the applicant on OPA Form R-1200 as an "industrial user" and grant him a base, depending on the group of products or uses he will make at the establishment covered by the application and in accordance with Schedule I in the Supplement to this order. In no event, however, shall the base be larger than the base of a comparable establishment in the area in which his establishment is located. If the products or uses for which the applicant requests a base are not included in Schedule I, the District Office may not act upon the application, but must send it, together with any other information received, to the Washington Office for decision, or take such other action as the Washington Office may authorize or di-

rect. However, in many cases the products for which no maximum base has been provided in the supplement to this order require excessively large amounts of sugar or are of a kind designed primarily for other than direct consumption. The present tight sugar supply situation makes it inadvisable to provide bases for such products. Most applications for bases make products for which a maximum base has not been provided, will, therefore, be denied.

9. The first sentence of the new section 4 (a) (2) is amended by deleting the words, "and Section 4 (a)", and the third sentence is amended by substituting the word "sugar" for the words, "rationed foods".

10. Section 4(c) is redesignated section 4 (b);

11. Section 4 (d) is redesignated section 4 (c);

12. Section 5 (a) is amended by substituting the word "sugar" for the words "rationed foods".

13. Section 5 (a) (1) is amended by substituting for the words "rationed foods or ration evidences", the words "sugar or sugar ration evidence";

14. Section 5 (b) is amended to read as follows:

(b) No person who obtains a base or bases under this order may use his allotments of sugar for any product, or refreshment service, not included in the group of products or type of refreshment service for which he was granted the base or bases. Furthermore, no such person may use, to make any group of products or type of refreshment service, as shown in Schedules I or II, more sugar than the amount of sugar allotted to him for that group of products or type of refreshment service.

15. The first sentence of Section 6 (a) is amended by substituting for the phrase, "of the ration order covering the rationed foods used at the establishment", the phrase, "of section 17.1 of Third Revised Ration Order 3."

16. The second sentence of section 6 (a) is amended by substituting for the phrase "a rationed food" the word "sugar";

17. Section 11 (a) is revoked;

18. Section 11 (b) is redesignated section 11 (a);

19. Section 11 (c) is redesignated section 11 (b) and is amended by substituting for the words, "each rationed food", the word, "sugar" and substituting for the words, "the ration order covering that food", the words "Third Revised Ration Order 3."

20. Section 11 (d) is redesignated section 11 (c) and is amended by deleting the word "Board" and by inserting the word "Revised" after the word "in" and before the word "General".

This amendment shall become effective at 12:01 a. m., January 1, 1946.

Issued this 29th day of December 1945.

PART 1369—METAL ORES

[RMPR 113, Amdt. 2]

IRON ORE PRODUCED IN MINNESOTA, WISCONSIN OR MICHIGAN

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Article II is amended to read as follows:

ARTICLE II—MAXIMUM PRICES AND ADJUSTMENTS

SEC. 7. *Maximum prices.* The maximum prices set forth herein may be charged for ores shipped in 1945 pursuant to adjustable pricing agreements authorized by Order No. 7 under section 3 of Revised Maximum Price Regulation No. 113.

(a) *Standard ores—(1) Mesabi non-Bessemer.* The maximum Lake Erie

price for Mesabi non-Bessemer ore having an iron content, natural, of 51.50% shall be \$4.55 per gross ton delivered at Lower Lake ports.

(2) *Other standard ores.* The maximum Lake Erie prices per gross ton for standard ores, other than Mesabi non-Bessemer, having an iron content, natural, or 51.50% and delivered at lower Lake ports shall be:

Mesabi Bessemer	\$4.70
Old Range non-Bessemer	4.80
Old Range Bessemer	4.95
High Phosphorus	4.55

(3) The maximum prices established in this paragraph (a) shall be adjusted for variations in iron, phosphorus and silica content in accordance with the provisions of section 8.

(b) *Special ores—(1) Manganiferous ore.* The maximum Lake Erie price per gross ton for manganiferous ore delivered at Lower Lake ports shall be the sum obtained by multiplying the combined natural iron and manganese analyses of such ore by the single Old Range non-Bessemer unit value of \$0.09320 and adding thereto \$1.15 for each unit of natural manganese in excess of 5%.

(2) *Siliceous ore.* The maximum price for siliceous ore shall be \$2.70 per gross ton delivered at Lower Lake ports. Adjustments for low phosphorus content shall be made in accordance with section 8 (b).

(3) *Lump ore.* The maximum Lake Erie price for lump ore having an iron content, natural, of 51.50% shall be \$4.80, plus \$0.90 for lump quality, per gross ton delivered at Lower Lake ports. Adjustments for variations in iron content shall be made upon the basis of a unit value of \$0.11068.

(4) *Other special ores.* Such ores include off-grade and premium ores not specifically named in this paragraph (b). The maximum prices for each such ore shall be:

(i) The sum of (a) the seller's 1941 weighted average spot price for the ore or the price which was approved by the Office of Price Administration before the issuance of this regulation, plus (b) the difference between the seller's 1941 weighted average spot price for standard ore and the maximum price established by this regulation for such standard ore, plus (c) \$0.10 per gross ton for Mesabi ores or \$0.20 per gross ton for Old Range ores; or

(ii) If a maximum price cannot be determined under (i), the price established by the Office of Price Administration upon application by the seller. Such application may be made by letter addressed to the Metals Price Branch, Office of Price Administration, Washington, D. C., and shall contain a full description and analysis of the ore for which a maximum price is requested. The maximum price established by the Office of Price Administration pursuant to such application shall be in line with the maximum prices established by this regulation for other ores.

(c) *Ore sold for delivery other than at Lower Lake ports.* (1) When ore is sold for delivery at the mine, railroad weights shall govern and there shall be deducted from the maximum prices es-

tablished by this Regulation an amount equal to the total of: (i) Upper Lake rail freight at the established rate for the mode of transportation customarily employed; (ii) Lake freight to Lower Lake ports at the established rate for the mode of transportation customarily employed: *Provided*, That increases in such rates occurring in 1943 shall not be included unless actually paid; (iii) a sum equal to the transportation tax computed on such Upper Lake rail and Lake freight; and (iv) the sum of \$0.05 per gross ton.

(2) When ore is sold for delivery at Upper Lake ports, vessel bill of lading weights shall govern and there shall be deducted from the maximum prices established by this regulation an amount equal to the total of: (i) Lake freight to Lower Lake ports at the established rate for the mode of transportation customarily employed: *Provided*, That increases in such rates occurring in 1943 shall not be included unless actually paid; (ii) a sum equal to the transportation tax computed on such Lake freight; and (iii) the sum of \$0.03 per gross ton: *Provided*, however, That in the case of lump ore, railroad weights minus 0.5% shall govern and an amount equal to the total of (i), (ii) and (iii) shall be deducted from the maximum prices established by this regulation.

(d) *Exchanges.* Exchanges of iron ore between producers, or between consumers, shall not be considered as sales under Revised Maximum Price Regulation No. 113. Producers making exchanges with consumers shall keep for a period of two years records showing: the names and addresses of the persons making the exchanges; the tonnages, names and classifications or grades; full analyses and guarantees (if any); the period within which the exchange is to be completed; the places and terms of delivery; and, if the exchange is on a basis of dollars value, the prices of the ores exchanged calculated to a Lower Lake Erie base.

(e) *Escalation clauses.* Provisions in contracts for the sale and delivery of iron ore which permit escalation or increases in prices shall be operative only to the extent that the prices so determined do not exceed the maximum prices established by this regulation.

SEC. 8. *Adjustments*—(a) *Differentials for variations in iron content.* The differentials for adjusting prices for variations in iron content, natural, of standard ores shall be the established unit values determined by dividing the maximum Lake Erie price for the particular standard ore by 51.50. The following table sets forth the unit values for the respective standard ores:

	Maximum Lake Erie price per gross ton	Unit value
Mesabi non-Bessemer	\$4.55	\$0.08835
Mesabi Bessemer	4.70	.09126
Old Range non-Bessemer	4.80	.09320
Old Range Bessemer	4.95	.09612
High phosphorus	4.55	.08835

(1) When less than 51.50% and not less than 50.00% iron, deduct from the

maximum Lake Erie price at the rate of one unit value for each unit or fraction thereof.

(2) When less than 50.00% and not less than 49.00% iron: from the price computed for 50.00% iron deduct at the rate of one and a half times the unit value for the unit or fraction of a unit less than 50.00%.

(3) When less than 49.00% iron, deduct from the price computed for 49.00% iron at the rate of two times the unit value for each unit or fraction of a unit of iron less than 49.00%.

(4) When iron content exceeds 51.50%, add to the maximum Lake Erie price at the rate of one unit value for each unit or fraction of a unit of iron above 51.50%.

(b) *Premiums for low phosphorus content.* Bessemer ore is ore which contains not more than 0.045% phosphorus, dry. Premiums for phosphorus content less than 0.045% shall not exceed those set forth in the following standard phosphorus table:

Percent of phosphorus	Rate of progression	Phosphorus values

*It is ordered, That the order dated April 8, 1943, as amended August 30, 1945, be and it hereby is further amended in the following respects:*

1. The first paragraph is amended to read as follows:

Having determined upon investigation that there is a shortage of experienced personnel in the merchant marine industry due to the increase of the number of ships required to be manned and the demands of other industries and the Armed Services upon the available manpower of the country, and that as a result of such shortage the masters of merchant cargo vessels and tank vessels engaged in business connected with the conduct of the war or in any trade or commerce deemed necessary in the national interest, have been unable to obtain the number of experienced personnel required for their vessels by or pursuant to law or regulation; therefore, to avoid delays in the sailings of such merchant vessels, to insure that such vessels have on board the best qualified crews available, to provide a simplified and uniform procedure for accomplishing the foregoing and otherwise to further the conduct of the war, I find in the case of merchant cargo vessels and tank vessels engaged in business connected with the conduct of the war, or in any trade or commerce deemed necessary in the national interest, that the waiver of the navigation and vessel inspection laws and regulations is necessary in the conduct of the war to the extent and in the manner and upon the terms and conditions set forth in the following paragraphs. The phrase, "conduct of the war" as used herein, comprehends the conduct of the government's military and civilian programs in the readjustments to post-hostilities conditions in the United States, its possessions or territories, and in theaters of war, including disposition of personnel and matériel, government of occupied territory and rehabilitation of liberated areas.

2. The second paragraph is amended by changing the first part of the first sentence before the proviso to read as follows:

*Extent, terms and conditions of waivers.* The master of any cargo vessel or tank vessel engaged in business connected with the conduct of the war or any trade or commerce deemed necessary in the public interest may if such action is necessary to permit such vessel to sail without delay substitute for any licensed officer or rated seaman required as part of the complement of such vessel by or pursuant to law or regulation, any licensed officer of lower rank, who is an American citizen, or any certified seaman of lower rating: *Provided,* \* \* \*.

3. The last paragraph is amended to read as follows:

*Authority for waiver.* This conditional waiver is made and is effective pursuant to and under authority of section 501 of the Second War Powers Act (Sec. 501, 56 Stat. 180, 50 Appendix USC, Sup. IV, 635),

as extended, and the order of the Acting Secretary of the Navy dated 1 October, 1942 (7 F.R. 7979), as amended by order of the Secretary of the Navy dated June 5, 1945 (10 F.R. 6848), as continued by Executive Order 9666, dated December 28, 1945 (11 F.R. 1), and Coast Guard General Order 1-46 of the Secretary of the Treasury, dated January 1, 1946 (11 F.R. 185).

Nothing herein shall impair the continuing effectiveness of waivers heretofore effectuated pursuant to the said order, dated April 8, 1943, prior to its amendment by this order.

Dated: January 4, 1946.

NOTE: The maximum prices listed above in tables 1, 2, and 3 are based upon an insulation thickness of 4 inches. For each inch of insulation over 4 inches, when ordered by the purchaser, the seller may make the following additional charges: 1 1/2¢ per square foot for flat areas, 2¢ per square foot vertical areas; and 2¢ per square foot for sealed slopes, while for each inch of thickness under 4 inches, the seller shall deduct 1 1/2¢ per square foot. A 1/4 inch tolerance may be allowed with respect to any such measurements.

The maximum prices listed in tables 4 and 5 are based upon an insulation thickness of 3 inches and over. For each inch or fraction of an inch of thickness of batts and blankets under 3 inches, the seller shall deduct 1¢ per square foot.

Where a machine or crew of two or more workers is used on installed insulation jobs, and the total charge as determined in accordance with the maximum prices listed in the tables, *etc* forth above, is \$40 or less, the seller may make an additional charge of \$1 for the job.

<sup>1</sup> Filed as part of the original document.

(b) *Work for which extra charges may be made.* Maximum prices for certain work for which extra charges may be made are shown below in categories (1) to (13), inclusive. The work listed in categories (1) and (2) will ordinarily be done by a sub-contractor but whether done by a seller or a sub-contractor the purchaser of an insulation job shall not be charged more than the seller or the sub-contractor, as the case may be, may lawfully charge under Revised Maximum Price Regulation No. 251. When the work listed in categories (3) to (13), inclusive, is performed by a seller or a sub-contractor, the seller or sub-contractor shall not charge more than the prices set forth in the specific category of work done.

*Openings and closings.* An extra charge may be made for openings and closings only in those cases where openings and closings are not specifically included in the price applicable to categories (1) to (29), inclusive, set forth in sub-section (a) of this section. The extra charges for openings and closings set forth in categories (1) to (5), inclusive, set forth below in this sub-section (b) include payment for all labor and materials including that used for replacement of material where necessary.

(c) *Measurements.* It shall be the seller's responsibility to ascertain that all measurements are accurate. Measurements for exterior walls are to be taken over-all, with no deduction for openings, except for sun porch walls, store fronts or similar areas where windows and door areas must be deducted.

In the case of elevator wells, ventilators, skylights, monitors and pent houses on flat roofs the entire such area must be deducted where they are more than 16 square feet in area and extend through the flat ceiling area to be insulated. For attic floors outside gross dimensions may be taken. In measuring the height of knee walls, to the height between floors, joists and rafters add one foot for floor seal piling of granulated insulation. For slopes add six inches to length of clear span for capping intersecting surfaces. For flat ceilings which intersect slopes add one foot to length of span taken at right angles to intersecting slopes. For stairwell walls measurement may be taken as a rectangle from floor to ceiling and not as triangles.

In determining the total of the square foot area for each category of insulation installed a tolerance of 5 percent will be recognized.

(d) *Distant installations.* The maximum prices provided in paragraph (a) of this section shall apply to all installations made within 10 miles of the seller's nearest place of business. For installations at more distant points the following additions may be made. Mileage shall be calculated to the nearest mile.

(i) For installations from 10 to 25 miles distant, 1¢ per square foot.

(ii) For installations from 25 to 100 miles distant, 2¢ per square foot.

(iii) For installations distant 100 miles or more, 3¢ per square foot.

[Region I Order G-8 Under RMPR 251]

#### CARPENTRY REPAIRS, MAINTENANCE, ALTERATIONS AND NEW CONSTRUCTION IN VERMONT

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by sections 9 and 20 of Revised Maximum Price Regulation No. 251, it is ordered:

**SECTION 1. What this order does.** This order fixes maximum prices for all sales of carpentry services done on an hourly basis in the State of Vermont. (See also sections 3 and 4.)

**SECTION 2. Relation to Revised Maximum Price Regulation 251.** Except as otherwise provided in this order, this order supersedes sections 6, 7, 8 and 18 of Revised Maximum Price Regulation No. 251 with respect to sales covered by the order. Except to the extent that they are inconsistent with the provisions of this order, however, all other sections of Revised Maximum Price Regulation No. 251, together with all amendments thereto which have been or may be issued, shall apply to sales covered by this order.

**SECTION 3. Maximum prices for carpentry services not in excess of \$500.00.** Any seller supplying carpentry services in the State of Vermont which are subject to the provisions of Revised Maximum Price Regulation No. 251, and where the total charge does not exceed \$500.00, may (except as is provided in section 5) charge only on the basis of a customer's hourly rate for time actually spent on the job. The maximum customers' hourly rates shall be as follows:

(a) *For sellers in business on December 17, 1945.* (1) For self-employed carpenters with employees, the hourly wage (as defined in section 9 (a)) paid by the seller to journeymen carpenters during the week ending December 15, 1945, plus 40 cents per hour. If the seller paid no such hourly wage during the week ending December 15, 1945, he shall use the hourly wage paid to journeymen carpenters during the earliest preceding week in which such wages were paid.

(2) For carpenter foremen, journeymen carpenters, carpenter-helpers, and laborers, the hourly wage (as defined in section 9 (a)) paid by the seller to each

such class of employee during the week ending December 15, 1945, plus 30 cents per hour. If the seller paid no hourly wage during the week ending December 15, 1945, to one of these classes of employees, he shall use the hourly wage paid to that particular class of employees (carpenter foremen, journeymen carpenters, carpenter-helpers, or laborers, as the case may be) during the earliest preceding week in which wages were paid to that class.

(3) For a self-employed carpenter without employees, \$1.25 per hour.

(b) *For sellers not in business on December 17, 1945.* (1) For self-employed carpenters with employees, the hourly wage (as defined in section 9 (a)) paid to journeymen carpenters during the week ending December 15, 1945, by the

most closely competitive seller of the same class in the seller's trading area, plus 40 cents per hour.

(2) For carpenter foremen, journeymen carpenters, carpenter-helpers, and laborers, the hourly wage (as defined in section 9 (a)) paid to each such class of employee during the week ending December 15, 1945, by the most closely competitive seller of the same class in the seller's trading area, plus 30 cents per hour.

(3) For a self-employed carpenter without employees, \$1.25 per hour.

(c) *Subcontractors' services.* (1) The maximum price which a seller may charge for subcontracted services other than those covered by this order shall be the subcontractor's maximum prices established under the applicable regulations or orders, plus the margin which the prime contractor added for the same or comparable subcontractor's service during the period January 1, 1939, to March 31, 1942.

(2) If a prime contractor was not in business during such period, he may add the margin which his most closely competitive seller of the same class added for the same or comparable subcontractor's service (other than the services covered by this order) during the period January 1, 1939, to March 31, 1942.

(3) Records or satisfactory evidence supporting margins must be produced upon request of representatives of the Office of Price Administration.

(d) *Materials.* Maximum prices for materials supplied by the seller of the services covered by this Order shall be the net cost of the materials to the seller (not to exceed the maximum price of his supplier as established by applicable maximum price regulations), plus a mark-up of 10% of that cost.

(e) *For overtime work performed.* Overtime hours of work performed at the customer's request on Saturday, Sunday, or national holidays, or in excess of eight hours on any day from Monday through Friday, may be charged for at the same ratio to straight time which the seller's agreement with his employees legally requires or authorizes him to pay.

(f) *Minimum charge.* For any carpentry service performed which requires less than one man-hour of labor, a minimum charge equal to the maximum customer's rate for one hour may be made.

(g) *Adjustment to the nearest nickel.* When the maximum price calculated under this section is not divisible by 5 cents, it shall be adjusted to the nearest amount so divisible. The fraction of  $2\frac{1}{2}\%$  in the maximum price may be adjusted upward to the next higher multiple of 5 cents. Thus, if a seller's maximum price when calculated hereunder amounts to \$1.12 $\frac{1}{2}$ , it may be adjusted upward to \$1.15.

SEC. 4. *Sales of carpentry services in excess of \$500.00.* For all sales of carpentry services in excess of \$500.00, the maximum price may be calculated either under section 3 of this order or under section 7 of Revised Maximum Price Regulation No. 251, but in no case may

the total charge exceed the maximum price calculated under section 7 of Revised Maximum Price Regulation No. 251.

SEC. 5. *Guaranteed price.* A seller may offer to sell carpentry services covered by this order on the basis of a guaranteed price, but such guaranteed price must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order. (See sections 3 and 4.)

SEC. 6. *Price adjustments—(a) Government required or authorized wage increases.* Any seller subject to this order whose hourly wages are increased after December 15, 1945, by reason of a predetermined of wage rates by the Secretary of Labor under the Davis-Bacon Act, or by an order or authorization of the Wage Adjustment Board, National War Labor Board, or the Office of the Stabilization Administrator, or by any other Federal wage stabilization agency, may apply to the Vermont District Office of the Office of Price Administration for permission to add such increase in hourly wages to his customer's hourly rate. He shall submit with his request the authorization of the federal agency permitting the increase and satisfactory evidence that he has actually put the increase into effect. If the application and all the required information is in proper form, the Vermont District Director shall thereupon issue a Letter Order authorizing the applicant to recalculate his customers' hourly rate under section 3 by using the new approved hourly wage.

SEC. 7. *Filing.* Each seller subject to this order shall prepare a statement showing his customers' hourly rate as established by this order and shall keep it for examination by any person during ordinary business hours. A copy of such statement shall be filed with the Vermont District Office of the Office of Price Administration within fifteen days after the effective date of this order. Suggested forms are available upon request.

SEC. 8. *Records and notification—(a) Invoices.* Each seller subject to this order shall upon request furnish each purchaser with an invoice containing all of the following information, and shall keep a copy thereof in his files for inspection by the Office of Price Administration:

- (1) Seller's name and address.
- (2) Date.
- (3) Brief description of each service for which a charge is made.
- (4) The customer's hourly rate and the number of hours for which a charge is made.
- (5) Total labor charge.
- (6) Materials furnished and charges therefor.
- (7) Total charge.

(b) *Notification of compliance.* In the case of any sale subject to this order, the seller shall, where demand is made by the buyer, file a statement with the buyer that the selling price is not in excess of the maximum price determined in accordance with this order.

(c) *Records.* Each seller subject to this order shall, if he has productive em-

ployees, keep the records indicated below and shall make such records available for OPA inspection.

Productive employees are employees who actually do carpentry work, as distinguished from clerical or administrative employees.

- (1) Name of each productive employee.
- (2) Number of hours worked each day by each productive employee.
- (3) Number of hours worked each pay period by each productive employee.
- (4) Total wages paid to each productive employee each pay period.

SEC. 9. *Definitions.* (a) "Hourly wage" means the hourly straight-time wage rate the seller had in effect on October 3, 1942, plus any "legal increase" since that date. The term "legal increase" means:

(1) In the case of employers of eight or less, any wage increase actually put into effect prior to July 20, 1944, plus any increases since that date resulting from predetermination of wage rates by the Secretary of Labor under the Davis-Bacon Act, or authorized by any Federal wage stabilization agency.

(2) In the case of employers of more than eight, any increase resulting from predetermination of wage rates by the Secretary of Labor under the Davis-Bacon Act, or authorized by any Federal wage stabilization agency. In the case of a seller who first became an employer after October 3, 1942, but before December 17, 1945, the term "hourly wage" means his legally proper straight-time wage rate.

(b) *Most closely competitive seller of the same class.* "Seller of the same class" means a seller performing the same function, of similar type, and furnishing the same type of services to the same class of purchaser.

A seller's "most closely competitive seller of the same class" shall be a seller of the same-class who (1) is furnishing the same or similar services, (2) is closely competitive in the sale of such services, and (3) is located nearest to the seller.

SEC. 11. *Exclusion.* This order does not cover any sale of carpentry services made pursuant to a written contract executed within thirty days prior to the effective date of this order, nor deliveries thereunder, nor the record-keeping requirements in connection therewith, if all of the work under such a contract is completed within thirty days after the effective date of this order and if the price for the sale under such contract and the record-keeping in connection therewith is in compliance with the provisions of Revised Maximum Price Regulation No. 251.

SEC. 12. *Amendment.* This order may be amended, revised or revoked at any time.

This order shall become effective January 2, 1946.

Issued this 19th day of December 1945.

H. P. CART,  
Acting Regional Administrator.

## UNITED GAS IMPROVEMENT CO. ET AL.

## ORDER NAMING PARTY TO PROCEEDING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 2nd day of January 1946.

In the matter of The United Gas Improvement Company; File Nos. 54-140; 54-65. The United Gas Improvement Company and Subsidiary Companies, Respondents; File No. 59-6.

The Commission having on December 14, 1945 issued its findings and opinion and order in this matter, published as Holding Company Act Release No. 6285; and the Commission deeming it necessary to revise its Findings in certain respects;

*It is ordered,* That said findings and opinion of the Commission be, and they hereby are, amended in the following respects:

(1) The third paragraph appearing on page 9 of said release is amended to read:

It was testified that since the system's acquisition of the common stock of York Railways there have been no dividend payments on such common stock. The record further indicates that, except for certain substantial payments made in connection with rate litigation involving Edison Light, the payments made by York Railways and its subsidiaries to service companies and similar enterprises during the period that the company was part of the Agecorp system were inconsiderable. Some dividends on the preferred stock were obtained by system companies, but the aggregate amount of preferred stock dividends received between the dates of acquisition and December 31, 1936, which was the last date upon which such dividends were paid, was approximately \$145,000.

(2) Footnote 8 is amended by striking the last paragraph.

(3) Footnote 9 is amended to read as follows:

In connection with our consideration of whether any superior equities are available to public holders of York Railways common stock, we have also considered the appropriateness of limiting to cost the system holdings of senior securities, but we have concluded, apart from its appropriateness, that

The United Corporation, a registered holding company owning 26.1% of the outstanding voting securities of The United Gas Improvement Company, having requested permission to be admitted as a party to the above-entitled proceedings; and

It appearing to the Commission that it is appropriate in the public interest and the interests of investors and consumers that The United Corporation be admitted as a party herein;

*It is ordered,* That The United Corporation be, and hereby is, admitted as a party to the above-entitled proceedings.
